

**Hands on learning  
that helps drive change**

# December 2020

**GASP has successfully continued to deliver all Autumn term courses, without the suspension of any sessions!** This term has been full of unknowns and uncertainty. However, with appropriate PPE and additional health and safety procedures in place, GASP has been able to successfully deliver our motor mechanic courses to over 65 students this term! Sessions have been delivered in the Albury Workshop, and on external sites via our Mobile Classroom. Thank you to those organisations who have continued to use our services in these difficult times. Whilst we have not yet been able to re-start our evening diversionary sessions, we are hopeful we will be able to do so in the new year.

*Students from Bohunt School  
working on the parts of the quad  
bikes*

**Your Fund Surrey** has been launched and there is £100 million available to deliver meaningful improvements to local areas. Having successfully gained funding from the Community Foundation for laptops and 3D printers, and a partnership with The Matrix Trust to offer counselling and mental health support to our students, GASP is now seeking funds to create an **IT suite and Wellness room** at our workshop site in Albury. To qualify for the next stage, we need to demonstrate there is sufficient support for the project from the local community.

more chance of funding!  
Thank you!*

GASP is delighted to welcome our **new Fundraiser, Rebecca Wheaton!** After re-locating from London to Surrey, Rebecca joined the GASP team in 2020 to support our fundraising activity. She works to secure and expand income for the GASP programme, allowing us to further increase opportunities for the young people we work with. Rebecca worked for many years as a Creative Director, and after having children, then moved to the corporate sector. She brings with her experience that includes: Client Management, Business Development and Marketing.

We are thrilled to have received £7,000 operational funding from **The Betty Riseley Trust!** The two, 12-week courses are already booked for the Spring term!

The team have been busy purchasing equipment from the funding we have received from the **Community Foundation**. We get excited when boxes of equipment start arriving. Here is just one of those boxes containing an engine that will help illustrate to the students how a four-stroke engine works.

Our laptops and 3D printers have arrived! We can't wait to introduce CAD and 3D printing as part of our syllabus – we just need your help to support our Your Fund Surrey bid to give the equipment a fantastic IT suite!

When you do your Christmas shopping, you can now support GASP Motor Project by using [smile.amazon.co.uk](http://smile.amazon.co.uk) who will donate a percentage to our charity.

**Support Gasp Motor Project by shopping at [smile.amazon.co.uk](http://smile.amazon.co.uk).**  
When you shop at [smile.amazon.co.uk](http://smile.amazon.co.uk), Amazon will donate to Gasp Motor Project. Support us every time you shop.

Thank you so much to all of you who have engaged with us over these difficult times. We are incredibly grateful and couldn't have managed without you.

As we enter a holiday season unlike any other, we want to wish you all a very Merry Christmas and extend our very best wishes to you and your loved ones for a joyful New Year.
